

WEXR	殼型端銑刀	Shell type end mill	A shell type end mill with multiple cutting edges and a central shank.
4033	45°殼型面銑刀	45°Shell type face milling cutter	A shell type face milling cutter with a 45-degree helical profile and multiple cutting edges.
2330	重速重切削球刀	High speed heavy cutting Ball nose cutter	A ball nose cutter with a cylindrical profile and a precision ground nose radius.
MRD	鎖牙式圓刃銑刀	Threaded round insert milling cutter	A threaded round insert milling cutter with a threaded shank and a replaceable insert.
MRO	殼型圓刃面銑刀	Shell type round insert milling cutter	A shell type round insert milling cutter with a central shank and a replaceable insert.
		2280 重切八角銑刀	Heavy duty milling cutter
		A heavy duty eight-fluted milling cutter with a large diameter and a deep cut capability.	
		4048 88°殼型銑刀	88°Right angle milling cutter
		An 88-degree right-angle milling cutter designed for corner machining.	
		MRD 圓刃銑刀	Round insert milling cutter
		A standard round insert milling cutter with a straight shank and a replaceable insert.	
		MRO 圓刃銑刀	Right angle milling cutter
		A right-angle milling cutter with a square shank and a replaceable insert.	
		MRO 鎖牙式圓刃銑刀	threaded round insert milling cutter
		A threaded round insert milling cutter with a threaded shank and a replaceable insert.
